

**Kaunas Concert Centre
International Design Contest**

Question and Answer Log Vol.18
Date of issue: 25 August 2017

Question number	Enquiry	Response	Date
Note #1	Question and Answer Process All questions asked by email (kaunasconcertcentre@malcolmreading.co.uk) and CPP IS by 4pm GMT+3 on a Monday will be collated and answered in the Question and Answer log published on a Wednesday and all questions asked by email (kaunasconcertcentre@malcolmreading.co.uk) and CPP IS by 4pm GMT+3 on a Wednesday will be collated and answered in the Question and Answer log published on Friday.		
Note #2	Clarification on CAD Plans The CAD Plans issued were prepared when the site was selected as the site for the new Concert Centre Project. Any illustration of built or landscape form or access routes in to the site and street level parking provision, are illustrative only. As noted in Q&A Log Vol. 2, Note 2: Please note there is an updated version of Annex X6 - CAD drawing of competition site and surrounding area on the Downloads page of the competition website. This supplements the previous version provided. Please use the updated version of Annex X6 when preparing your submission.		
Note #3	We have corrected a grammatical mistake in the Lithuanian version of the Competition Conditions, page 41, "Submission Deadline" section. It now states the following: "The deadline for submissions is 14:00 GMT+3 6 September 2017. Submissions received after the deadline will not be opened." This mistake only occurred in the Lithuanian version of the document. The English version remains as it was.		
Note #4	An English translation has been provided of the key for Annex X6 (CAD drawing of the competition site and surrounding area (updated)). This can be found in the Downloads section of the competition website and on CPP IS.		
Note #5	The CAD plan (Annex X6) issued for the contest illustrates siting, vehicular access, parking and infrastructure requirements based on the previous contest held to select the site. As noted on page 61 of the Competition Conditions (English Version) 'Infrastructure can be relocated based on the results of this competition'. This applies also to the siting of the building and vehicular and pedestrian access in and out of the site, as well as surface parking arrangements. The 15 metre zone to H. and O. Minkovskių Street is to be protected for municipal carriageway and pavement/sidewalk works, and therefore should not be built within, other than to create access in and out of the site. However contestants can show a schematic design for these carriageway and sidewalk works for the purposes of their competition entry. Any existing infrastructure that crosses the site, and that must remain in place following the construction of the Concert Centre, is also clearly explained on page 61 of the Competition Conditions document (English Version).		
Note #6	A wider area CAD plan has been provided as Additional Annex X11 on the Downloads section of the Competition Website and CPP IS. Please note these files are the property and copyright of Kaunas City Municipality Administration. These files are provided for the purposes of preparing an entry to the Kaunas M.K. Čiurlionis Concert Centre International Design Contest only. The files should not be used for any other purpose, or distributed more widely.		
Note #7	Clarification note on embankment to river's edge along site boundary Further to the answer supplied to Q.21 of Q&A Vol. 6 we would like to clarify the response over the location of the embankment to the river's edge for the project. Although it is foreseen/anticipated that the embankment will be placed along the 'Planned site area boundary' (as indicated on the Competition Area diagram on page 28 of the Competition Conditions Document) this is provided for guidance only. Competitors may suggest alternative and appropriate solutions, and locations, that best fit their design.		
Note #8	Amendment of Annex X2 (English version only) A mistake in Annex X2 (English version only) item 6 was noticed. It has been amended and now states the following: All the partners in the joint venture shall meet the requirements of Clauses 1-3. (to be completed where the participation is based on a joint venture agreement). The updated Annex X2 is now uploaded to competition webpage and CPP IS. The Lithuanian version remains as it is.		

<p>Note #9</p>	<p>Amendment of Annex X1</p> <p>Please note that an updated version of Annex X1 has been uploaded. You can find it in the Download section of the competition website and CPP IS.</p>		
<p>Note #10</p>	<p>All questions will be answered no later than 31 August 2017.</p> <p>The deadline for enquiries is 29 August 2017 11:59pm GMT+3. Please refer to page 67 of the Competition Conditions (English Version).</p>		
<p>Note #11</p>	<p>Competitors should ensure that they use the most up to date version of all the Annexes which have been provided when submitting their entry.</p> <p>Please refer to the notes above and all previous Q&A Logs. Please see the competition website or CPP IS for the latest versions.</p>		
<p>1</p>	<p>On 1st July, 2017 the new Public procurement law came to power therefore the requirement for the person who holds the majority of votes in a meeting of the legal person not to have any conviction which has not expired is no longer relevant.</p> <p>This procurement has been published before the new law came to power but the institution that is in charge of providing proof for this matter can longer issue that kind of document.</p> <p>Previously as a proof for this requirement a supplier used to provide a certificate from Register of suspects, accused persons and convicts used to be issued by the Department of Informatics and Communications according to requirements of Lithuanian Republic Public procurement law that was relevant until 1st July, 2017 (law released 13th August, 1996, No. I-1491, article 33 part 1 item 3).</p> <p>After the law was changed the Department of Informatics and Communications does not issue that kind of certificate because they only carry out relevant legal acts. Even more, the new Public Procurement law article 51, part 10 states "If the contracting authority has doubts as to the suitability of the supplier, it must contact the competent authorities in order to obtain all the necessary information." In that case the Department of Informatics and Communications would provide the required information.</p> <p>Please consider the changes in legal regulation and remove the requirements listed in Competition Condition Annex X2 "Declaration of the Minimum Qualification Requirements" Item 2 and Annex X5 "Minimum qualification requirements of the project competitors" item 1.2</p>	<p>The requirement for the person who holds the majority of votes in a meeting of the legal person not to have any conviction which has not expired remains in the law, the institutions still issue the required documents therefore there is no basis to remove this requirement.</p> <p>The Public Procurement law that come to power 1st July, 2017, No. I-1491, article 51, part 2 states "The contracting authority, in requiring the supplier to prove that there are no grounds for exclusion provided for in article 46 part 1 and part 3 and article 6 part 2 of this Law, shall receive as sufficient evidence a document issued by a court, a public enterprise "Registry centras" or other competent authority. Under those circumstances the supplier may submit a document issued by the State Enterprise "Registry centras" under the procedure established by the Government of the Republic of Lithuania confirming the joint data processed by the competent authorities.</p>	<p>21-Aug-17</p>
<p>2</p>	<p>What is to be listed in 1.1 of Annex X3? The documents that are asked in Annex X5? Even though only the winners will be required to provide documentation listed in Annex X5, do these documents need to be listed in Annex X3 or even provided before submittal deadline?</p>	<p>In Annex X3 item 1.1 you should list all your submittal documents that you provide in the second envelope titled "The registration details".</p> <p>At this stage you don't have to provide or list the documents named in Annex X5. Proof of qualification will only be requested from I-III place winners.</p>	<p>23-Aug-17</p>
