

## Science Island International Design Contest

Question and Answer Log Vol. 6  
Date of issue: 20 July 2016

Question number	Enquiry	Response	Date
<b>Note</b>	<b><u>Question and Answer Process</u></b> <i>All questions asked by email (scienceisland@malcolmreading.co.uk) and CPP IS by 4pm GMT+3 on a Monday will be collated and answered in the Question and Answer log published on a Wednesday and all questions asked by email (scienceisland@malcolmreading.co.uk) and CPP IS by 4pm GMT+3 on a Wednesday will be collated and answered in the Question and Answer log published on Friday.</i>		
<b>1</b>	<p>We would like to find out whether there are any documents pertaining to the topographical map of the Nemunas Island.</p> <p>We have searched many websites with no luck, could please let me know if there are any documents which you might be able to send through to us?</p>	Please see attachment "Q&A Vol6 Q1"	14-Jul-16
<b>2</b>	<p>Can we paste the A1 drawings on to thin board that can be rolled and send in the tube?</p> <p>Any min. thickness for the board?</p>	<p>No.</p> <p>There is no minimum thickness for the boards, though please note that they need to be rigid.</p>	14-Jul-16
<b>3</b>	Would it be possible that we submit two separate design submissions?	No, each competitor may submit only one project for this competition	15-Jul-16
<b>4</b>	We would like to know if the annexes should be sent before the submission, or could it be sent together with the submissions.	Annexes should be sent together with the submissions. Full details of submission requirements can be found on page 66-69 of the Competition Conditions	15-Jul-16
<b>5</b>	What last date for couriering the design panels; since the competition deadline is 14th September, will we get a buffer of a few days for the courier delivery if the package is post-marked for the 14th?	<p>The 14th September is the actual deadline for the competition: entries will need to arrive at the offices of Kaunas Architecture and Urban Experts Council on or before this date, as detailed on page 60 of the Competition Conditions.</p> <p>Teams will need to check delivery times from their country and are responsible for ensuring that packages are couriered with sufficient time.</p> <p>Please also see response to Q2 in Q&amp;A log vol. 3.</p>	15-Jul-16
<b>6</b>	How will the building be named – in English and in Lithuanian?	This is not relevant at this stage	16-Jul-16
<b>7</b>	Could you send me night photos?	Additional information is not available	16-Jul-16
<b>8</b>	Could any other photos, except these on the website, be used?	Yes	16-Jul-16
<b>9</b>	Does it matter how the final project is situated on the poster – horizontally or vertically?	Boards are to be presented in the landscape (horizontal; long dimension on the X-axis) format. Please refer to page 67 of the Competition Conditions	16-Jul-16
<b>10</b>	How should the posters be grouped: six in a line, three in two lines, or two in three lines?	There are no specific requirement. However, each board should cover the information requested for it, as noted on page 67 of the Competition Conditions.	16-Jul-16
<b>11</b>	Should the posters have numeration?	Yes, it should follow the numbering as set out on page 67 of the Competition Conditions.	16-Jul-16

12	Does the maximum height refers also to amusement constructions, such as the Ferris wheel for example?	See response to Q4 in Q&A log vol. 5.  The Ferris wheel is a specific structure that could be higher than 25m but it would require a separate permission from the Department of Cultural Heritage under the Ministry of Culture.	16-Jul-16
13	If the ground is modelled and raised, how to consider the maximum height of 25 m	The height of the building is measured from average altitude 0.00=28.00 which means the top of the building could not be more than 53.00.  See response to Q4 in Q&A log vol. 5	17-Jul-16
14	A flood probability research about technology island, according to the specification of the website, not find relevant literature. Can provide relevant documents?	See response to Q7 in Q&A log vol. 3	18-Jul-16
15	Please see attached diagram. This is the garage road planning or pedestrian overpass? Location can not be changed?	See response to Q19 in Q&A log vol. 5  The location of the bridges has been marked in the General Territory Plan based on research data of transport and passenger movement flow. In order to change the location, we would be required to show proof that this is a needed change; therefore we intend to keep this location.	18-Jul-16
16	Hello, we can't open this two web sites, probably because the reason why we in a foreign country, can provide the relevant information, please?	See response to Q7 in Q&A log vol. 3	18-Jul-16
17	Would you please define special and geometrical requirements for 'Virtual' Planetarium? Which type of 'virtual' planetarium is required?	This is a multimedia room, for up to 100 visitors, providing a 3D/4D experience within the Science Centre. No specific media equipment has been selected yet.	18-Jul-16
18	Research Laboratories are described in Area Schedule as a 250m <sup>2</sup> large area. In the Competition Conditions, page 37, this space is described in more detail – consisting of Biology Lab, Chemistry Lab, Physics, Robotic engineering, dry and wet preparation room and Storage room. How detailed we should present this area in floor plans?	Please provide a spatial breakdown of the Research Laboratories in your floor plans. The area schedule and space description are provided as guidance only. We look to competitors to consider appropriate arrangements of laboratory and other supporting spaces.	18-Jul-16
19	Is the area indication tag required in each of the designed spaces?	Please ensure that the Area Schedule, provided as Submission Element D and the drawings included as Submission Element B and on Submission Element A are cross-referenced.	18-Jul-16
20	Page 38 - paragraph 2: "Permanent workspaces should be provided for up to 60 staff, with a hot-desking/break-out space able to accommodate temporary workspace for up to a further 20 staff." The anticipated outline schedule of staff on the same page lists maximum 58 workspaces. Area Schedule on page 31 requires 540 m <sup>2</sup> for office space. Are the temporary workspaces included in this area? Please define the requirements for the hot-desking/break-out space.	This is clearly stated on page 38 of the Competition Conditions. 58 specific workspaces are described in the Anticipated Outline Schedule - this therefore is the equivalent of 'up to 60 staff'.  The hot-desking spaces should accommodate space for a further 20 staff, as and when required.	18-Jul-16
21	Is the "Black Box" Flexible Space in Area Schedule the same space as Flexible Event Space described on page 36?	Yes	18-Jul-16
22	Is the IT room in Area Schedule the same space as "Technical equipment and accessories (e.g. audio-visual and IT equipment)" described on page 39?	Yes	18-Jul-16
23	Which of the bus parking spaces in surrounding area are foreseen for the purposes of the Science Centre?	There are 17 bus parking spaces in Žalgiris arena parking lot.	18-Jul-16
24	What are the absolute level marks of Žalgiris Arena's lower parking level, upper parking level and the absolute height of the highest Arena's roof point?	See response to Q9 in Q&A log vol. 3  The two-storey parking lot goes down in a slope along the river. The lowest point of first floor is 24.900, and the second floor 30.900 at southeast part of the island. The highest point of first floor 26.800, and the second floor 32.800.	18-Jul-16
25	Is the main building area of 9000 m <sup>2</sup> GIA or GEA area?	See response to Q6 in Q&A log vol. 2	18-Jul-16
