

Science Island International Design Contest

Question and Answer Log Vol. 13
Date of issue: 12 August 2016

Question number	Enquiry	Response	Date
Note	<p><u>Question and Answer Process</u> All questions asked by email (scienceisland@malcolmreading.co.uk) and CPP IS by 4pm GMT+3 on a Monday will be collated and answered in the Question and Answer log published on a Wednesday and all questions asked by email (scienceisland@malcolmreading.co.uk) and CPP IS by 4pm GMT+3 on a Wednesday will be collated and answered in the Question and Answer log published on Friday.</p>		
1	Is 25 meters the maximum height allowed on the side of the island overlooking the Naujamiestis District? Can it be above 25 meters if it is on the south side of the island overlooking the river to a view of Aleksotas?	See response to Q12 in Q&A log vol. 9 and Q4 in Q&A log vol. 5.	08-Aug-16
2	According to the competition conditions it is said that we can use the river as our planning territory. "The Science and Innovation Centre can be located anywhere within Nemunas Island, and it is permitted for concept designs to connect to the island's surrounding territories, e.g. stepping into the river." (page 28). However, the Lithuanian law states that any kind of building not related in function to water must be at least 25 metres away from the shore. Also we noticed that the distance between „Žalgiris" arena or the construction of shopping center „Akropolis" parking and riverside is less than 25 metres. If we locate our Science and Innovation Centre on the edge of a river, maybe there would be an exception done? Could you explain the situation?	The distance from the river can vary depending on the slope of river's coast: If the slope is up to 5 degrees - the distance from the river is no less than 5 metres. If the slope is from 5 to 10 degrees - the distance from the river is no less than 10 metres. If the slope is 10 degree or more - the distance from the river is no less than 25 metres.	09-Aug-16
3	<p>Ticketing: I understand that the entire museum will be ticketed. That said: 3a. Will the person who purchases a general entrance ticket be allowed to enter the temporary gallery space? What entrance privileges will be allowed? 3b. Will the person who purchases a ticket for the temporary gallery space be allowed to enter the permanent galleries and or other public facilities of the museum? 3c. In other words, will there be separate ticketing and entering privileges within the museum? What level of control is expected for those circulation restrictions?</p>	<p>The security and ticket office will be located in the lobby.</p> <p>After purchasing a general entrance ticket, visitors will be able to enter permanent as well as temporary galleries.</p> <p>Group events in laboratories, the planetarium and event spaces will require registering in advance. Some of those events might be included in the general ticket and others might have separate tickets that will be sold on a case-by-case basis.</p>	09-Aug-16
4	Visitor speculation: What is the estimated number of visitors per day, to be expected at Science Island?	The estimated number of visitor per year is circa 300,000, so the estimated number of visitors per day could be around 1000, and more during special events.	09-Aug-16
5	Return of projects: If the project is not selected, will there be a return shipment, if solicited? How is the return policy and how can I request it?	See page 63 of the Competition Conditions.	09-Aug-16
6	What do you mean with "The slogan" in the page 73 of the Guidelines? Is it the "Registration number" or something else? Because the answer to the Question 15, Vol.10, says that the Registration number hasn't a specific font or location on the boards, but in the Guidelines is stated that the Slogan shall be written in 'Times New Roman' font, 1.0 cm (18 pt), in the right upper corner of the board.	<p>Yes, 'Slogan' refers to 'Registration Number'.</p> <p>Please consider the answer to the Question 15, Vol.10 invalid. The Registration Number should be written in 'Times New Roman' font, 1.0cm (18pt), in the right upper corner of the board, as noted on page 73 of the Competition Conditions.</p>	10-Aug-16
